

STS – JOB OPENING

Job title: Electrical Assembly Engineer
Department: Assembly

STS 'Bespoke Handling Equipment Ltd' is looking to hire an Electrical Assembly Engineer to work in our purpose-built factory. The role involves the complete assembly of electro-mechanical drum handling equipment as well as the installation of hydraulic and pneumatic circuits.

A trained Electrical Installation Engineer, Heavy Vehicle Electrician or Agricultural Engineer would be well-suited to this role as there are many similarities. An electrical background is required for this position due to the nature of the work. STS will offer in-house company training on how to assemble our products and carry out the tasks required.

Main purpose of role:

- To increase the level of output from our assembly department.
- Assemble lifting equipment with a high attention to detail.
- Work to provide customers with the highest quality handling equipment available.

Key tasks:

- Installation of electrical circuits used in various handling products.
- Assemble lifting equipment according to engineering drawings and procedures.
- Install hydraulic and pneumatic circuits (training provided).
- Checking other staff member's electrical work to ensure compliance.

Qualifications required:

- Qualifications in electrical fields (required).
- 18th Edition electrical wiring qualification (required).
- Qualifications in mechanical fields (desirable).

Key skills required:

- Professional understanding of electrical circuitry and standards.
- Willingness to learn about hydraulic and pneumatic circuits.
- Good communication and people skills including a positive attitude and outlook.
- Internal drive to always improve and make tasks more efficient.

The company:

STS is a small innovative company focussed on manufacturing specialist high-quality drum handling equipment. The company supplies equipment into a wide range of industries including Paint, Chemical, Pharmaceutical and Food. We manufacture in steel and stainless steel with lifting capacities ranging from 20kg to 2000kg.

Reporting to: Assembly Manager
Hourly rate: 16.00 per hour
Start date: As soon as practicable
Hours: 40 hours, overtime available at times
Overtime: 1.5 x hourly rate
Holiday: 28 days, including bank holidays
Location: Leedstown, Hayle, Cornwall (no remote working)

Please apply in writing including your CV by email to zac@sts-trolleys.co.uk. Please include a cover letter detailing why you feel you are a good candidate for this role.
